

Visiting a Delta Dental PPO<sup>SM</sup> network dentist is a smart choice. Here's why.

Delta Dental PPO network dentists agree to accept Delta Dental's established fees as payment in full, which means they can't bill you for the difference between what they would usually charge and the Delta Dental PPO established fee. On average, the Delta Dental PPO established fees are 30 percent less than a dentist's usual fee.

Delta Dental Premier® is a safety net for our Delta Dental PPO network. You will pay more out-of-pocket with a Delta Dental Premier dentist compared to a Delta Dental PPO dentist. However, you may save more money with a Delta Dental Premier dentist compared to a non-network dentist. Delta Dental Premier dentists agree to our maximum plan allowances as payment in full, which may be lower than what a dentist would typically charge.

## Example Savings for a Common Procedure\*

	Estimated Charge	Maximum Allowed Fees	Percentage Paid by Delta Dental	Amount Delta Dental Pays	Amount Dentist can Balance Bill	Total Amount You Pay	Your Total Cost Savings
Delta Dental PPO Network	\$1,200	\$750	50%	\$375	\$0	\$375	\$450
Delta Dental Premier Network	\$1,200	\$975	50%	\$487.50	\$0	\$487.50	\$225

Delta Dental PPO network	Delta Dental Premier® network	Out-of-network
Delta Dental PPO network dentists have agreed to accept \$750 as payment in full for the \$1,200 service, a savings of \$450 compared to using a non-network dentist. In this example, the Delta Dental plan covers 50 percent of the cost. Assuming you've already met your deductible for the year, Delta Dental will pay \$375 and you'll pay \$375.	Delta Dental Premier network dentists have agreed to accept \$975 as payment in full – a savings of \$225 compared to using a non-network dentist. In this example, your Delta Dental plan covers 50 percent of the cost. Assuming you've already met your deductible for the year, Delta Dental will pay \$487.50 and you'll pay \$487.50. That's an extra \$112.50 tacked on to your share of the bill when compared to what you would have paid with a PPO dentist.	Out-of-network dentists have not agreed to accept a lower fee as payment in full and can bill the full \$1,200. In this example, non-network dentists are paid off the Delta Dental Premier maximum plan allowance, so the maximum allowed fee is limited to \$975*. The dentist can bill you the difference between the maximum allowed fee and what they typically charge.** The Delta Dental plan would cover 50 percent of the \$975, paying \$487.50. You would be left with the other half of \$487.50 plus the \$225 difference between the dentist's usual fee and Delta Dental's maximum allowed fees. You would pay a total of \$712.50.
